SUMMARY

Highly skilled full-stack developer with 5+ years of experience architecting and deploying scalable web applications. Expertise in **React**, **Node.js**, and **RESTful API** design, with a proven track record of optimizing application performance and leading development teams.

EXPERIENCE

Senior Software Engineer — Jan 2020 - Present
Tech Solutions Inc. — *San Francisco, CA*

- Led a team of 5 developers in the end-to-end development of a new e-commerce platform, resulting in a **20% increase** in online sales within the first quarter.
- Architected and implemented **RESTful APIs** for the customer management module, ensuring scalability and seamless integration with other platform components.
- Optimized database queries and implemented caching strategies, improving application performance by **30%** and reducing server response time.
- Technologies Used: **React**, **Node.js**, **Express**, **PostgreSQL**, **AWS**, **Docker**, **Kubernetes**
- **Key Achievement**: Reduced customer management **API** latency by **40%** through query optimization and code refactoring.
- **Key Achievement**: Successfully migrated the e-commerce platform to **AWS**, improving scalability and reducing infrastructure costs by **15%**.

PROJECTS

Portfolio Website | *A personal portfolio website built to showcase my projects and skills.*

- Developed a responsive and visually appealing portfolio website using **React** and **TypeScript** to highlight my skills and projects.
- Implemented a dynamic content management system (CMS) to easily update project information and website content.
- Utilized **TailwindCSS** for rapid prototyping and consistent styling across the website.
- Deployed the website on **Netlify** with continuous integration/continuous deployment (**CI/CD**) pipeline for automated updates.
- **Technologies**: **React**, **TypeScript**, **TailwindCSS**, **Netlify**, **Git**
- **Impact**: Increased website traffic by **50%** after implementing SEO best practices.
- **Impact**: Improved user engagement by showcasing projects with detailed descriptions and interactive demos.

EDUCATION

University of California, Berkeley — Berkeley, CA
B.S. in Computer Science — *2013 - 2017*

TECHNICAL SKILLS

Languages & Frameworks: **JavaScript**, **TypeScript**, **React**, **Node.js**, **Express**, **Python**, HTML, CSS
Databases & ORMs: **SQL**, **PostgreSQL**, **MongoDB**, **Sequelize**, **Mongoose**
Cloud & Infrastructure: **AWS**, **Docker**, **Kubernetes**, **CI/CD**, **Terraform**
Developer Tools: **Git**, **GitHub**, **VS Code**, **Webpack**, npm, Yarn
Soft Skills: Team Leadership, Problem Solving, Communication, Agile Methodologies, Project Management

CERTIFICATIONS

AWS Certified Developer - Associate — Amazon Web Services
Credential ID: 1234567890 — *2021-05*

ADDITIONAL SECTIONS

Open Source Contributions

- Contributed to the **ReactJS** documentation project by improving the clarity of the **API** reference section.
